PROFILE

Results-driven full-stack web developer from Masai school. Passionate about developing user-friendly software applications. Excellent problem-solving skills and ability to perform well in a team. Seeking to help a company to develop its product as a software engineer, as well as growing and developing my own skills as a programmer

PROJECT

CLONE OF MYNTRA

A Popular E-commerce website for online shopping of clothes and accessories. Worked with 3 other team members. Completed the project in 6 days. This was the first project I worked on in Masai School.

What I build :

- Built responsive and functional Product Page
- Built responsive and functional Navbar and Footer

Tech Stack:

HTML | CSS | JavaScript

ALCAZAR TRAVELING AGENCY APP

Alcazar is a website for browsing and travelling new places.

What I build :

- Built responsive and function Navbar and Footer
- Built the Homepage and made it more aesthetic by adding beautiful Travelling places

Tech Stack:

HTML | CSS | JavaScript

EXPERIENCE

Electronics Engineer

JayneIT | Agartala, Tripura 799004

7/2023 -Present

Achivement/Task:

- Designed and tested electronic circuits.
- Quality control and regulatory compliance: Ensuring that electronic systems and devices comply with relevant regulations and standards is crucial. You may be responsible for conducting quality control checks, performing inspections, and documenting compliance to meet legal and industry requirements.
